Brilliant Referral and QC Casualty Underwriter | Remote

Work from Anywhere in the United States

Who is NIP Group?

NIP Group is a business insurance market leader recognized as one of the best program administrators in the United States. We blend the culture of an MGA with the capabilities and underwriting excellence of an insurer to create a dynamic work environment that's truly unique where underwriters can be themselves, work from anywhere and make a real impact. We offer the ideal balance of security, accountability, and freedom so you can perform at your best with a voice that counts. Our diverse and distributed team is comprised of smart, collaborative insurance people who think big, execute quickly, and enjoy having fun and laughing a little.

We've recently expanded our remote work policy for our underwriting positions providing increased flexibility to work from home, from an office or from anywhere within the United States. Our teams will come together in person –once it's safe—for intentional collaboration, mentorship, and socialization.

What's New?

Our industry is changing at an unprecedented pace due to technical innovations and we are transforming our underwriting organization to drive leading practices.

We are excited to announce the launch of a new Portfolio Underwriting Team to spearhead our enterprise risk management program and develop new pricing frameworks and new products.

Who You Are:

You are a highly experienced casualty underwriter who enjoys problem solving, analysis and detailed work. Most of all you're a people person who also enjoys sharing your knowledge and experiences with line underwriters teaching, tutoring, and coaching their professional development.

In this newly created position, you will be responsible for referral underwriting and underwriting quality control. Your work will ensure that our underwriters are performing at the high level expected, adhering to our guidelines, procedures, and their authority grants. Additionally, you will play an important role in supporting the innovation and automation of our underwriting processes and develop professional education programs for our line underwriters.

What You'll Do:

- Ensure high-quality and curious underwriting, adequate pricing, sound decision making, authority, procedural and regulatory compliance
- Effectively and efficiently complete referrals from program line underwriters requesting approval to quote individual risks outside of their authority – serving as a senior technician for risk analysis, pricing adequacy and terms
- Conduct underwriting file audits for staff underwriters. Includes wrap-up meetings with the management team and the writing of formal reports for the Division Executive, SVP of Underwriting, and the President & COO of the Group.
- Participate in and occasionally lead product development efforts within the Programs Division
- Provide mentoring, training, and skill building to underwriters within the division

- Develop and foster collaborative relationships with associates in the Specialty Programs Division, Actuarial Team, Underwriting Committee, and other associates, including those with our carrier partners

Education & Experience

- Strong casualty underwriting experience across commercial small and middle market risks. The priority is commercial lines liability primary casualty, specialty lines, and contractor liability
- Sustained track record of success in casualty underwriting with at least 15 years of underwriting experience
- Strong understanding of optimizing underwriting profits through sound underwriting practices in liability lines of business
- Bachelor's degree from an accredited college or university or equivalent experience.
- Educational designation(s) (i.e. CPCU) highly desirable

Competencies

- Excellent analytical and communications skills
- High attention to detail and accuracy
- Ability to work independently and collaborate with colleagues within and across departments
- Excellent technology skills, including Outlook, Word, Adobe and Excel
