It's Time To Get Your "Skin In The Game"

By taking on risk through a captive insurer, program administrators increase credibility with underwriters by showing a willingness to put "skin in the game", while simultaneously creating a vehicle to reduce program costs and capture underwriting profit.

But finding a truly independent consultant to assist in the formation and management of a captive can be unduly challenging since most captive advisors have broker or insurer ties. Program administrators need sophisticated advice while also managing to protect vital business relationships.

Perr&Knight is neither a broker nor an underwriter and poses no threat to a program administrator's core business. We have no hidden fees, commissions or agendas. As an actuarial firm, Perr&Knight understands insurance and can help program administrators determine optimal levels of risk to be retained in their captive. Meanwhile,

Perr&Knight's alternative risk team is independent, experienced and offers a wide spectrum of captive structures and domicile choices. Perr&Knight's unique bundling of actuarial and captive management services allows for reduced captive operational cost, improved communications, greater operational efficiencies and seamless overall services.

ABOUT US

Perr&Knight is a leading provider of insurance support services and a strategic resource that companies utilize to reduce their fixed costs while increasing the efficiency and value of their insurance operations. Perr&Knight's insurance support services include Actuarial Consulting, Competitive Intelligence, Data Services, Insurance Technology, Regulatory Compliance and Risk Services.

LICENSING

REGISTRATIONS

CONSULTING

WEB MARKETING

Are you suffering from the headaches of licensing?

Supportive Insurance Services works with agents, agencies, adjusters, surplus lines brokers and insurance companies to obtain and maintain licenses.

Due to ever changing state and federal regulations, licensing can be a very tedious and time consuming task. Staying abreast of these changes and ensuring compliance with each state's requirements can be a real headache.

We can take this time-consuming, resource-eating job off your hands...and we can do it less expensively than you may think.

Contact Supportive Insurance Services for the relief you need!

Bill It Now

A division of BMS | Billing Management Services, LLC

Providing Billing Technology Service Solutions

Types of Billing

- Direct Bill
- Agency Bill
- Monthly Reporting
- Pay As You Go

Features and Benefits

- Brand Site and Invoices To Your Company
- Add ACH & Credit Card Capability
- Eliminate Commission Reconciliation
- Offer Installments
- Reduce Overhead
- Multiple Policies on Single Invoice
- Fully Customizable Installment Schedules

Company Overview and Demo

Bill It Now offers billing solutions for Insurance Carriers, MGA's, Program Administrators, and Captives. We are a third party billing administrator that is invisible to the insured, customizing everything from our website to all statements to match your company's branding. We support all aspects of your organization's billing needs.

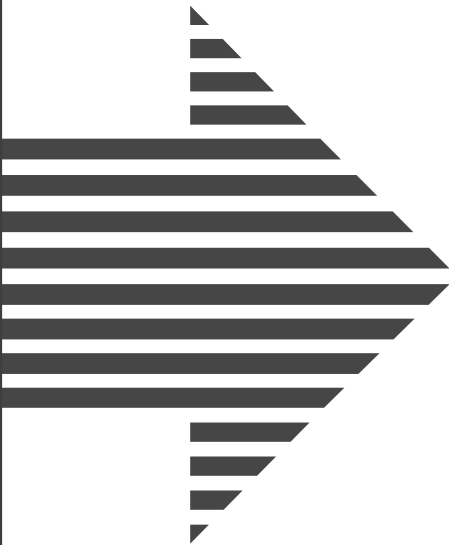

We provide the technology, website, system updates, staffing, customer support, reconciliation, secure lockbox, bank accounts, etc. We have 8 years of experience in handling billing solutions for many different types of programs.

We function as an application linked to your current website. This will enable your company to accept credit card and ACH payments and allow the Carrier, broker or the insured to see the details of each policy.

This is a link to a 2 minute video that explains our services for you
<http://www.youtube.com/watch?v=z-JcEoQfNdQ&feature=youtu.be>

Contact Chris Smith at chriss@billitnow.com or
203-623-3045 for a free demo or
Visit us at www.billitnow.com

YOU'RE LOOKING TO AUTOMATE YOUR WORKFLOW.

You want to offer online quote, bind and policy issuance for multiple lines with multiple carriers.

You want global access to your systems, with web-based document management and reporting.

You want a proven MGA management system with a technology partner you can trust.

LET'S GET TO THE POINT.

Counterpoint Software created the first MGA management system in 1997. Today, we manage many TMPAA members' programs including Target Programs' distribution site. We understand the insurance process and make it easy for brokers and buyers alike.

Why pay for a learning curve?

Counterpoint gets you to the automation point for far less than any of our retrofitted "carrier" and "retail agency" system competitors.

Be sure to ask about our market-leading E&O platform!

**COUNTERPOINT

Policy
Claims
Business Intelligence
Billing

Proudly Cover-All

*"Our team's response to the products has been very positive. Very complex
lines of business have been dramatically simplified by the user interface.
Robust automation and workflow have streamlined our underwriting process."*

-Jeff Bemis, Secura CIO

Cover-All Enables Program Carriers to:

- Distribute products through multiple channels, and to different program administrators.
- Differentiate rating, forms, workflows, and underwriting guidelines by program.
- Remotely audit program performance.
- Create and implement new programs quickly.
- Consolidate statutory and management reporting for all programs or by individual program.
- Streamline communication with agents.
- Seamlessly integrate with corporate systems and third party services.

with
Instec?

Powerful Policy Lifecycle Management for 30 years and counting: industry innovations, satisfied clients and profitable bottom lines.

www.instec-corp.com

Reduce Losses ...Let's face it; better loss ratios improve your bottom line, but continuing to do the same old thing isn't going to result in an improvement. Insure Learn takes a targeted approach to loss control through online safety training. We use **your loss data** to create short bite-sized courses focused on your high incident claims. Training is customized to **your insured's work environment** which is proven to be more effective in creating behavioral change.

Add Value ...the current market has made value added services more important than ever. Insure Learn provides you with a system that differentiates you from your competition by offering a **high value** service to your insured's. Insure Learn specializes in creating highly customized online safety training exclusively for Program Administrators.

Generate Revenue ...Insure Learn offers unique business models with no upfront development costs allowing you to preserve your operating capital and in some cases even generate additional revenue.

Improve Efficiency ...Insure Learn's Online Training Portal and Reporting System integrates with most policy management systems providing real-time access to insured's training records to underwriters and program administrators. Access to the training portal and management reports and can be added directly to your customer portal for easy access.

Recognized Leadership in Program Administration

VRC specializes in software and technology solutions that can be client personalized and/or customized to deliver the added functionality, flexibility and competitive advantages that dramatically surpass the offerings of our worthy competitors. This advanced software is called Velocity.

Velocity is a fully integrated End-to-End solution that enjoins extraordinary workflow management, superior analytical tools and human resources enabling our clients to do what they do, ***Better, Smarter, Faster*** and at ***Less Expense***.

Regardless of your size, complexity and diversification of programs offered, Velocity will deliver operational efficiencies that enhance profitability, reduce expense and also solidify your current and prospective client relationships; ***On or Off the Web***.

“Personal Touch Self Servicing” is a Hallmark offering of Velocity and is currently utilized by 1000’s of agents, brokers and over 250,000 insured’s. This competitive differentiator is un-equalled in the marketplace and all self-services functionality is ***Real Time***.

Velocity’s open system *application server architecture* is highly configurable and designed to maximize the capture and availability of data and ease of data extraction and analysis. Furthermore, Velocity’s can be rapidly deployed and easily adapts to the ever evolving dynamic of the Property Casualty marketplace.

Beyond its richness of function, Velocity is visually oriented, user focused, intuitive and in-depth. To receive additional information and/or a demonstration of Velocity, please contact:

www.vrcis.com or email tturgeon@vrcis.com or call (248) 879-0688

Crawford has unmatched depth and breadth in scope of services and experienced talent. We can create a custom claim solution to handle claims from first notice of loss through claim settlement, including every step in between. Coupling our desk examiner staff with our field adjusting staff, Catastrophe Services, Global Technical Services for large, complex losses, a 24/7 call center and our managed repair options of Contractor ConnectionSM and Vehicle Services ConnectionSM, we have the winning combination.

Our suite of service offerings allows us to examine each claim in a process designed to deliver a quality, timely claim adjustment while keeping a customer centric focus. Let us show you how we can work with you to multiply your claims customer satisfaction scores.

We operate in more than 70 countries and have compliance and quality assurance that deliver reduced costs and increase policyholder service. Find out how an outsource solution from Crawford can help you expand your business.

Proud of Our Past.

Looking Forward to the Future.

Celebrating 50 years of Tradition, Spirit and Excellence.

Gallagher Bassett has been providing exceptional risk management services for 50 years. That makes our reputation for delivering an innovative and high-quality, cost-effective claims management service unparalleled in the industry. In fact, innovation is in our DNA. It sets the groundwork for our ability to create tailored, quality risk management programs through our four core businesses:

- Aggressive *Claims Management*
- Dynamic *Information Management* Solutions
- Successful *Risk Management* Programs
- Multiple *Cost-Containment* Solutions

**Where there's opportunity, you'll find Gallagher Bassett.
This company thinks big...and we're just getting started.**

WE TAKE CARE OF
THE LITTLE THINGS
AND THE
BIG
THINGS

You need a claims management partner who understands the importance of managing the big picture and the small details. At North American Risk Services we do just that. We manage every phase of claims management making sure we achieve the best result possible while taking care of every small detail and keeping you informed in the process.

NARS combines the expertise, technology and customer service like no other. We provide comprehensive claims management services for insurers, brokerages, managing general agencies, reinsurers, liquidation bureaus and self-insured funds.

Regardless of the type of loss, our professionals manage your claims with quality you can trust. Our staff members specialize in specific industries. They don't dabble from specialty to specialty, so you can be confident they understand your claims and will manage them to the best outcome possible.

Our Internet-based claims management system will keep you apprised of the progress of each and every claim. But we're much more than some software and a computer screen. We believe in old-fashioned customer service — the kind where you get to know your business partner and where you can build rapport and trust.

Claims Management. Redefined.

NARS
North American Risk Services
A Global Risk Holdings Company

Let us throw you a line.

While 95% of workers' compensation executives believe medical costs to be the industry's most critical issue, less than 10% believe anything meaningful can be done about it.¹

Fortunately there's Paradigm Outcomes. Our catastrophic case management delivers:

- 5x better outcomes²
- 36% lower costs²
- 29% lower large loss reserves
- Guaranteed outcomes

Results that keep you floating.

SPECIALTY CLAIMS MANAGEMENT

Specialty Claims Management combines industry-leading talent, expertise, and service to provide outstanding third party claims administration (TPA) services to insurers, reinsurers, captives, risk retention groups, and entities that maintain self-insured retentions.

OUR MISSION

TO UNDERSTAND the needs of each client and TO TAILOR each program to those needs.

TO EXCEED the expectations of our clients by providing outstanding service and personalized attention.

TO CONSTANTLY IMPROVE by employing best practices and by hiring only the best claims adjusters in the industry.

TO DELIVER comprehensive, accurate information to our clients, on a real time basis.

OUR COMPANY

Since its founding in 1997, SCM has expanded to become a national company with comprehensive claims administration capabilities.

Flexibility, effective communication and responsiveness, through personal involvement of SCM executives and managerial personnel, contribute to unsurpassed program administration. Our technical staff consists only of professionals demonstrating superior achievement throughout their career.

This extensive experience, coupled with our knowledge of administrating complex claims programs nationwide, puts us in a unique position to assure excellent service to a wide range of clients.
